

Mason Day

Entry-Level Data Analyst

Atlanta, GA • 772-224-7015 • masondaycs@gmail.com • github.com/Mason-Day-Cs • LinkedIn

SUMMARY

Recent Computer Science graduate from Florida State University with a strong foundation in problem-solving and a growing focus on data analytics. Built and published portfolio projects in SQL, Excel, and Tableau to practice turning raw data into clear insights. Known for being detail-oriented, quick to learn, and motivated to grow into a valuable team member. Excited to contribute energy, adaptability, and curiosity to an entry-level data analyst role while continuing to expand technical expertise..

TECHNICAL SKILLS

SQL

Excel

Tableau

Python

Data Visualization

C++

C#

HTML

Git/GitHub

PROJECTS

Café Sales Cleaning & Dashboard (GitHub)

- Cleaned and standardized café sales dataset (10,000+ rows) using SQL.
- Created KPIs including daily revenue, top-selling products, and seasonal performance trends.
- Built an interactive Tableau dashboard for managers to track growth and customer behavior.
- [View on GitHub](#)
